SUBJECT: York Township Growth Management Plan Revisions

**BACKGROUND**

York Township submitted revisions to its Growth Management Plan on June 23, 2005, for comment by Washtenaw County, in accordance with the procedures set forth in the Township Planning Act, Public Act 168 of 1959 as amended. The Act requires the County to provide comments, which are advisory only, to the Township. The comments must include, but need not be limited to, both of the following as applicable:

- A statement whether the county, after considering any comments received from adjacent local units of government, considers the proposed plan to be inconsistent with the plan of contiguous community (city, village, township or region), and
- A statement whether the county considers the plan to be inconsistent with the county plan.

**DISCUSSION**

Department of Planning and Environment staff evaluated the proposed amendment according to the goals, objectives and recommendations of *A Comprehensive Plan for Washtenaw County*. The Department of Planning and Environment distributed the amendment to the Washtenaw County Departments of Public Works, Parks and Recreation, Public Health and the Historic Preservationist, Washtenaw County Road Commission, Office of the Drain Commissioner and the Washtenaw Area Transportation Study (WATS) for comment. Comments received from these departments and agencies are included in the attached staff

report.

The staff report was reviewed by the Planning Advisory Board (PAB) at the July 25, 2005, meeting. Comments made by PAB members have been incorporated into the report. After acceptance of the report by the Washtenaw County Board of Commissioners, the report will be submitted to York Township and the contiguous communities.

Contiguous local units of government had 40 days to submit comments before the county review period began. No comments were received.
