R-0193 RECEIVED: October 5, 2009. A newsletter from the Michigan Association of Counties, re: Conference Committee Reports Cut to Revenue Sharing, dated September 29, 2009. Received and filed.	1
R-0194 RECEIVED: October 5, 2009. A newsletter from the Michigan Association of Counties, re: MAC Legislative Update, dated October 2, 2009. Received and filed.	7
R-0195 RECEIVED: October 8, 2009. A letter to the Chair, Washtenaw County Board of Commissioners, from Mathy Stanislaus, Assistant Administrator, United States Environmental Protection Agency, Office of Solid Waste and Emergency Response, re: Invitation to Participate in U.S. EPA Meeting on "Revitalizing Auto Sector Properties", dated October 2, 2009. Received and filed.	12
R-0196 RECEIVED: October 8, 2009. A notice of public hearing to the Chair, Washtenaw County Board of Commissioners, from Mary Dee Heller, Clerk, Webster Township, re: Notice of hearing on a request to receive an Industrial Facilities Exemption Certificate from Dexter Research Inc. Received and filed.	14
R-0197 RECEIVED: October 12, 2009. Notices of receipt of applications and notices of hearings to the Washtenaw County Board of Commissioners, from Dianne S. Hill, Clerk, City of Saline, re: Receipts of applications and notices of hearings for Industrial Facilities Exemption Certificates for Molded Materials and Kunststoff-Technik Scherer & Trier USA, Inc. Received and filed.	16
R-0198 RECEIVED: October 14, 2009. A resolution to the Washtenaw County Clerk, from the Van Buren County Board of Commissioners, re: Resolution requesting that the Michigan Senate introduce legislation that mirrors the bills introduced by the Michigan House which includes an alternative funding plan for the Pure Michigan program that calls for a \$2.50 tax on car rentals at major airports to allow for the immediate funding of the Pure Michigan program, dated October 13, 2009. Received and filed.	32

Prepared for **BOARD OF COMMISSIONERS** approval at the meeting on **October 21, 2009**.

Printed on Recycled Paper

nearly \$20 million, and could result in counties eliminating prevention, wrap around, and community based juvenile programs to pay for the extra costs.

Based on the following caseloads, below is the amount for each private caseworker at \$27 per day, and \$37 per day. This would also be a good issue to contact your legislator on to ask them to oppose the added burden to the state and counties at a time when we can least afford it!

Private Child Placing Agency Revenue Numbers Per Caseworker (x children to 1 caseworker):

Per caseworker per year:

@\$27 per child per day

@ 15 to 1 caseload ratio = \$147,825

@ 20 to 1 = \$197,100

@ 22 to 1 = \$216,810

@ 30 to 1 = \$295,650

@ \$37 per child per day

@ 15 to 1 caseload ratio = \$202,575

@ 20 to 1 = \$270,100

@ 22 to 1 = \$297,110

@ 30 to 1 = \$405,150

COUNTIES CALL ON GOVERNOR AND LEGISLATURE TO HONOR PROMISE TO COUNTIES

Proposed Revenue Sharing Cuts to Counties Would Break 2004 Agreement

Lansing, MI -----Michigan's Governor and Legislature have issued a proposal to slice county revenue sharing in the General Government Budget bill (Senate Bill 245) up to 14%, leaving programs which support public health, safety and welfare at risk as well as the citizens that depend upon them.

Additionally, the proposal breaks a promise to counties issued back in 2004 when counties sacrificed their entire allotment of revenue sharing payments (\$183 million) with the promise of being brought back into the fold gradually over the next 18 years. This year total payments total \$65 million for the state, still a considerable savings. A related proposal in the House, embodied in House Bills 5251 and 5252 would

statutorily cap county revenue sharing at 2003 levels; the lowest level counties have been at in over 13 years. Both proposals would balance the state's budget on the backs of locals and would break the promise of the legislature and Governor to restore counties to revenue sharing.

"Counties sacrificed a lot when we lost all of our revenue sharing payments from the state in exchange for shifting our property tax collection date. We were able to create reserve accounts to substitute for revenue sharing, but in the process created a permanent cash flow hole", said Larry Emig, Osceola County Commissioner and President of the Michigan Association of Counties. "Counties stepped up to help the state balance its budget every year since 2004, and now it is time for the state legislature and Governor to honor their commitment to Michigan's counties. Failure to do that will send the wrong message to communities and businesses looking to do business with the state at a time when this state needs all the cooperation and goodwill it can get."

"This proposal would harm counties in two ways: First, it would cut the \$65 million that the first 19 counties are slated to receive next year in revenue sharing payments. Second, it would reduce the amount counties are allowed to withdraw from our reserve accounts. Reserve accounts are county property tax revenue and to roll back the amounts we can withdraw unnecessarily punishes counties", said Tim McGuire, Executive Director for the Michigan Association of Counties. "In addition, counties are also facing drastic cuts in other budgets, such as nearly \$100 million in the Community Health Budget and up to \$40 million in new required county expenditures in the Human Services budget. Combined with the proposed cuts to county revenue sharing would be devastating to the public health and safety for residents of all 83 of Michigan's counties.

"Wayne County and the other 82 counties in Michigan honored our end of the bargain when we agreed to forego revenue sharing in 2004 and gradually get it back," said Wayne County Commission Chair Edward A. Bolke, Jr. (D-Taylor). "We simply cannot afford to reduce our revenue sharing without having a major impact on our service delivery. Lansing needs to find another solution."

As the Legislature wraps up the final two days of session before the beginning of the new fiscal year, Michigan's counties call on the Governor and Legislature to honor their commitment to restore counties to revenue sharing as promised. Huge cuts in revenue sharing to counties and locals would go back on that commitment and be yet another promise broken by the state to locals.

MAC LEGISLATIVE UPDATE
October 2, 2009

RECEIVED
OCT 05 2009
WASHTENAW COUNTY, MI
CLERK/REGISTRAR'S OFFICE

In this week's update:

- **MAC 2009 BUDGET BREAKDOWN**
- **HOUSE PASSES SUPPLEMENTAL RESTORING FUNDING FOR REVENUE SHARING...BUT NOT FOR COUNTIES**
- **HOUSE MAY CONSIDER REVENUE INCREASES NEXT WEEK**
- **GOVERNOR MAY VETO SEVERAL CUTS**
- **MSU EXTENSION BENCHMARKING CONFERENCE**
- **MAC LEGISLATIVE CONFERENCE PANEL SUGGESTIONS**

MAC 2009 BUDGET BREAKDOWN

This week, after enduring a brief shutdown of state government, the legislature adopted a budget for Fiscal Year 2009-2010. Most budgets are on the Governor's desk awaiting her signature. As the legislature passed a continuation budget bill, SB 831, with spending cuts, the Governor has time to review these bills to determine whether or not to sign into law the deep cuts. Additionally, it is believed the House may attempt to try to raise revenues next week to back fill some of these cuts. Because of the fluid nature of the situation, some of these are subject to change per potential vetos or revenue votes.

Below is a breakdown of the cuts as the bills are on the Governor's desk.

General Government (SB 245)

This week, the Legislature sent a budget bill to the Governor which includes a nearly \$145 million overall reduction to what was a \$3.1 billion budget last year. This budget bill includes funding for the Legislature, Executive Office, Attorney General, Secretary of State, Depts. of Treasury, Lottery and Management and Budget. Of most interest in this budget for counties are two items: Revenue Sharing and Payment in Lieu of Taxes.

Revenue Sharing: Per the 2004 agreement between counties, the Legislature and the Governor, counties were slated to receive \$65 million to fund or partially fund revenue sharing payments for 20 counties. This bill provided at \$10 million cut, funding those counties are roughly \$55 million. How the cut is applied is as follows: by adding the allowable draw amounts from treasury for FY 2008-2009, plus any general fund payments a county received in that fiscal year gives you the total of what a county "should receive". This number multiplied by 11.06 % (or .1106) would be the cut for your county. For counties that are still fully in the reserve accounts, this cut would not affect you. *As mentioned in other MAC Updates, the specter of HB 5251, 52 still could loom, and that would affect each county.*

PILT: The general funded portion of PILT was adopted at a cut of 12%, which is a statewide reduction of \$1.2 million. This item is interesting, as there is no legislation to effectuate this sort of a cut. The law requires the DNR to pay assessments to the local unit on the amount of property it owns in a given

community. In 2004, the law was changed to freeze PILT for 5 years and that freeze was just removed. It will take statutory changes to effectuate this cut going forward.

Department of Corrections (HB 4437)

The budget for the Department of Corrections includes a 4.9% reduction in funding amounting to a cut of \$98.5 million. The budget assumes an efficiency of a per prisoner cost reduction of \$841 and is realized through savings and efficiencies realized in the budget. Of great interest to counties is the County Jail Reimbursement Program (CJRP). As you may recall, this program was underfunded last year and in the current year, and resulted in several counties not receiving reimbursements for diversions of offenders from prison to the county jail. The bill includes an additional \$4 million in funding for this line item, bringing the program to \$16.57 million, with no reductions in eligibility. The rate for the diversions will remain at \$43.50 per day, per diversion. *Counties owe Senator Cropsey and Rep. Alma Wheeler Smith a great deal of thanks for finding additional funds in the budget to hopefully assure all diversions are reimbursed! Thank you both for your hard efforts to find a bright spot for counties in this budget process!*

DNR/DEQ (HB 4446)

As anticipated, the Department of Natural Resources was combined with the Department of Environmental Quality in the State's 2010 budget in the form of HB 4446. The bill, passed by the Senate on the last day of the fiscal year, represents the budgets for both departments and touts initial savings of \$350,000 in administrative costs to the state. It is possible that the combined budgets could be the first step in the combining of the two departments to be potentially called the Department of Conservation. Among other things, HB 4446 preserves the state's wetland protection program by retaining the program's restricted and federal funding, as well as its interdepartmental grant from the Department of Transportation. Though this only represents partial year funding, legislation, SB 785, also passed the the legislature, and is on the Governor's desk, to both reform the program and secure a new stable, long term funding sources. Other savings were realized through elimination of the Air Quality Asbestos and Technical Assistance Program, Pollution Prevention Workshops, the On-site Wastewater Program and the Aquifer Protection Program. These along with reductions to other small programs resulted in \$4.8 million reduction in total general fund expenditures from last year's budget. Also included in the bill was language requiring the newly combined department to send any PILT payments it receives in error to the Department of Treasury within ten days of receipt, as Treasury is now responsible for the administration of that program. For more on PILT, please see the General Government Budget summary.

MDOT Budget (SB 254)

This year's budget, SB 254, is \$1.2 billion less than the previous year's allotment, due in part largely to the fact that Michigan received \$887 million in ARRA funds for transportation related purposes. Also a factor is the reduction in revenue the state received from the gas tax and vehicle registration fees. This reduction will result in \$248 million less for state trunkline construction programs, \$63 million less for state road and bridge programs, \$29 million less for county road commissions, \$16 million less for cities and villages and \$1.6 less for the local bridge program. The budget does contain some stimulus funding which, along with money from the rail infrastructure loan program, was used to restore \$11.5 million dollars that was threatened to be cut from the CTF for public transportation projects. These figures only serve to underscore the need for additional revenue for our deteriorating infrastructure. MAC continues to advocate in support of the recommendations made to the Legislature by the Transportation Funding Task Force's. The passed both the House and the Senate this week, despite ongoing concerns about the department's efforts to construct a new border crossing between Detroit and Windsor. The seemingly perpetually controversial project, known as DRIC, will need legislative approval to go beyond the \$2.5 million appropriated for the project following a traffic study to be concluded by early summer.

Department of Agriculture (SB 237)

SB 237 was one of the few budgets that actually saw an overall increase. The budget did contain the elimination of Upper Peninsula State Fair, as well as a slight increase in dairy fee inspections expected to generate about \$100,000. Funding for intercounty drains was preserved at current year levels. Local conservation districts, which at one point were facing a complete elimination of funding, did receive \$236,000 to remain operational. Additional language was added to let the districts work with the Department to ensure that the funds they do receive can be used where it is most likely to draw down federal aid, as opposed to being spread equally among all district.

Department of Community Health (HB 4436)

The Department of Community Health budget hit everyone hard, and the county family was no exception. Medicaid providers will see a reduction in reimbursement of 8%, so county medical care facilities, hospitals, local public health, and doctors will be hit by this reduction. Local public health saw a reduction of roughly half a million dollars for operations, the line that funds all of the mandated services the local public health provides. Additionally, the Healthy Michigan Fund, which is mostly prevention and chronic disease funding through local public health, was cut from \$25 million to \$11 million. Public health program state funding (STD initiatives, methamphetamine cleanup fund, AIDS media campaign, etc.) was reduced by \$3.5 million. Community mental health saw a cut in the Non-Medicaid line of \$40 million, a win considering the Senate version of the budget cut it by \$62 million. Finally, psychotropic drugs would now have to be on the state-approved drug list to be eligible for Medicaid reimbursement, a change that the Michigan Association of Community Mental Health Boards has been fighting.

Department of Human Services (SB 248)

The Department of Human Services (DHS) budget reduced state general fund spending by over one-quarter, going from \$1.2 billion in fiscal year 2009 to \$860 million in fiscal year 2010. On the issue of the private administrative rate, the legislature chose to increase the payment by \$10, for a total of \$37 per day per child, however, it reduced the county side of the equation from 50% of the cost, to 25% of the cost. While MAC had been fighting hard against the \$10 increase, reducing the county split is something MAC has been after for many years. The legislature also, however, has decided to begin charging counties a daily administrative rate for DHS supervised foster care at 25% of \$40 per day, for a total of \$10 per day. This constitutes "reverse revenue sharing," by requiring a local unit of government to pay for state government workers, utilities, etc., is a very slippery slope, and is a very likely Headlee issue, possibly illegal. The state will not be reimbursing counties for other costs associated with last year's lawsuit settlement. There appears to be a small amount of money (\$5 million) to incentivize community-based placements for juvenile justice by increasing the state match, an initiative MAC has been pushing. Finally, the budget closes all remaining state-owned juvenile justice facilities.

HOUSE PASSES SUPPLEMENTAL RESTORING FUNDING FOR REVENUE SHARING...BUT NOT FOR COUNTIES

This week, directly after passing several budgets, but before cutting revenue sharing, the House passed HB 5403, a supplemental bill appropriating \$434.7 million, with no funding source attached. The bill, which is a shell and to have impact needs funds from proposed revenue increases, would restore cuts to promise grants, various community health programs and revenue sharing, among others. Unfortunately, the bill restores revenue sharing funds to reduce the cut for cities, villages and townships (CVTs), but not counties.

After finding this out, the Senator responsible for the revenue sharing budget indicated that if counties had to share equally in the pain of CVTs, then counties should share in the benefit of any proposed reduction in that pain.

MAC believes that the reason we were excluded from this supplemental on the House side is that there are some in House leadership that still believe House Bills 5251, and 5252, which freeze all counties at 2003 revenue sharing levels, must still become law. Obviously MAC disagrees, and at the current time, your contacts have made it such that the votes do not exist to pass this legislation.

HOUSE MAY CONSIDER REVENUE INCREASES NEXT WEEK

Next week the House may consider voting on tax increases on bottled water, soda, other tobacco products, satellite television, and on doctors. Depending on the level of the tax on each, the goal would be to find nearly \$434 million (see story above) in new revenue to "backfill" the various cuts throughout the budget. While it is yet to be determined if there are votes in the House to accomplish this goal, perhaps the bigger question is whether or not the votes to do such exist in the Senate. Senate Majority Leader Bishop (R-Oakland County) has indicated throughout this budget process that the votes do not exist in that body to raise revenues. MAC will monitor this situation and keep you informed.

GOVERNOR MAY VETO SEVERAL CUTS

While technically the Governor does not have all of the budget bills (with the exception of the continuation budget) on her desk, as the Senate is holding on to the six most controversial, she made comments at a press conference Thursday that she will likely look to issue line item vetoes to various budgets. She indicated some of her priorities include police and fire, education, and diversifying the state's economy. MAC will keep a close eye on this process as, it appears there will be some line item vetoes in this budget.

MSU EXTENSION BENCHMARKING CONFERENCE

Benchmarking for Success

This day long conference will focus on performance measurement and benchmarking results and strategies that can help local governments decrease service provision costs or even improve service quality. Results from the 2008 benchmarking report will be highlighted and discussed in afternoon breakout sessions. Details on the agenda are forthcoming. This conference is open to everyone, but registration is limited, so reserve your space early. The registration fee covers meals and any conference materials. An agenda is forthcoming.

Monday, November 9, 2009

Check-in begins 8:30am

Lansing Community College - West

5708 Cornerstone Drive

Lansing, MI 48917

MLGBC Member Cost: \$20*

Non-member Cost: \$30

*MSUE employees pay member cost.

How to register:

Registration is online only by following the link below. [*Click here to determine if you are a member.](#)
Deadline to register is October 26. [Click here for online registration](#)

Re: Invitation to Participate in U.S. EPA Meeting on "Revitalizing Auto Sector Properties"

Dear Commissioner Irwin:

I am pleased to invite you to participate in a workshop on "Revitalizing Auto Sector Properties." The meeting will take place on Tuesday, October 27, from 1:00 p.m. – 5:00 p.m. at the Lansing Convention Center at 333 E. Michigan Avenue, Lansing, Michigan. The workshop will be hosted by Mayor Virg Benero, Dr. Ed Montgomery of the President's Auto Task Force for Workers and Communities, and the U.S. Environmental Protection Agency.

We are holding this workshop to discuss how EPA can work with you and other communities to plan for the safe cleanup and reuse of the contaminated properties resulting from the General Motors and Chrysler bankruptcies. A draft meeting agenda is enclosed with this letter. We expect that this gathering will advance our efforts to work cooperatively to revitalize these properties. Please feel free to invite others in your community who may contribute to our conversation.

We hope that you are able to participate in this important workshop. We ask that you come prepared to share your concerns and any ideas you may have regarding how best to address the cleanup and redevelopment of auto sector properties in your community. We encourage you to share your questions and concerns with us prior to the meeting and ask that you confirm your participation in the meeting by contacting Patricia Overmeyer at 202-566-2774 or Overmeyer.patricia@epa.gov. We look forward to seeing you on October 27.

Sincerely,

Mathy Stanislaus, Assistant Administrator

cc: Dr. Ed Montgomery, Director of Recovery for Auto Communities and Workers

Enclosure

Draft Agenda

Auto-Sector Mayors' Listening Session
October 27, 2009 Lansing, MI
October 28, 2009 Indianapolis, IN
1:00 p.m. - 5:00 p.m.

- 1:00 Welcome and Overview** (Mathy Stanislaus and Ed Montgomery)
- 1:15 Mayor Introductions**
- 1:45 Panel 1: Planning and Implementing Site Cleanup**
Federal EPA and DOJ representatives will provide an overview of regional conditions, available funding, technical resources, and Superfund and RCRA liability information.
- 2:30 Panel 2: Voluntary Cleanup Programs and Economic Development**
State Representatives will give an overview of the role the state can play in assisting communities through the Voluntary Cleanup Program.
- 3:15 Panel 3: Redevelopment Strategies for Auto Properties**
Mayors with experience in redeveloping auto properties will discuss the transaction process, community involvement, and funding resources with tips on leveraging objectives of brownfields redevelopment projects to meet local funding needs.
- 4:00 Panel 4: Transitioning Properties**
Officials from AlixPartners and Capstone will provide a general overview of plans for property cleanup and potential sales.
- 4:30 Roundtable Discussions**
Mayors and other participants will voice ideas and concerns to Mathy and Ed Montgomery.
- 5:15 Wrap-up and Closing**

NOTICE OF PUBLIC HEARING

THE WEBSTER TOWNSHIP BOARD OF TRUSTEES WILL HOLD A PUBLIC HEARING ON TUESDAY OCTOBER 20, AT 7:30 P.M. AT THE WEBSTER TOWNSHIP HALL, 5665 WEBSTER CHURCH ROAD, DEXTER, MICHIGAN.

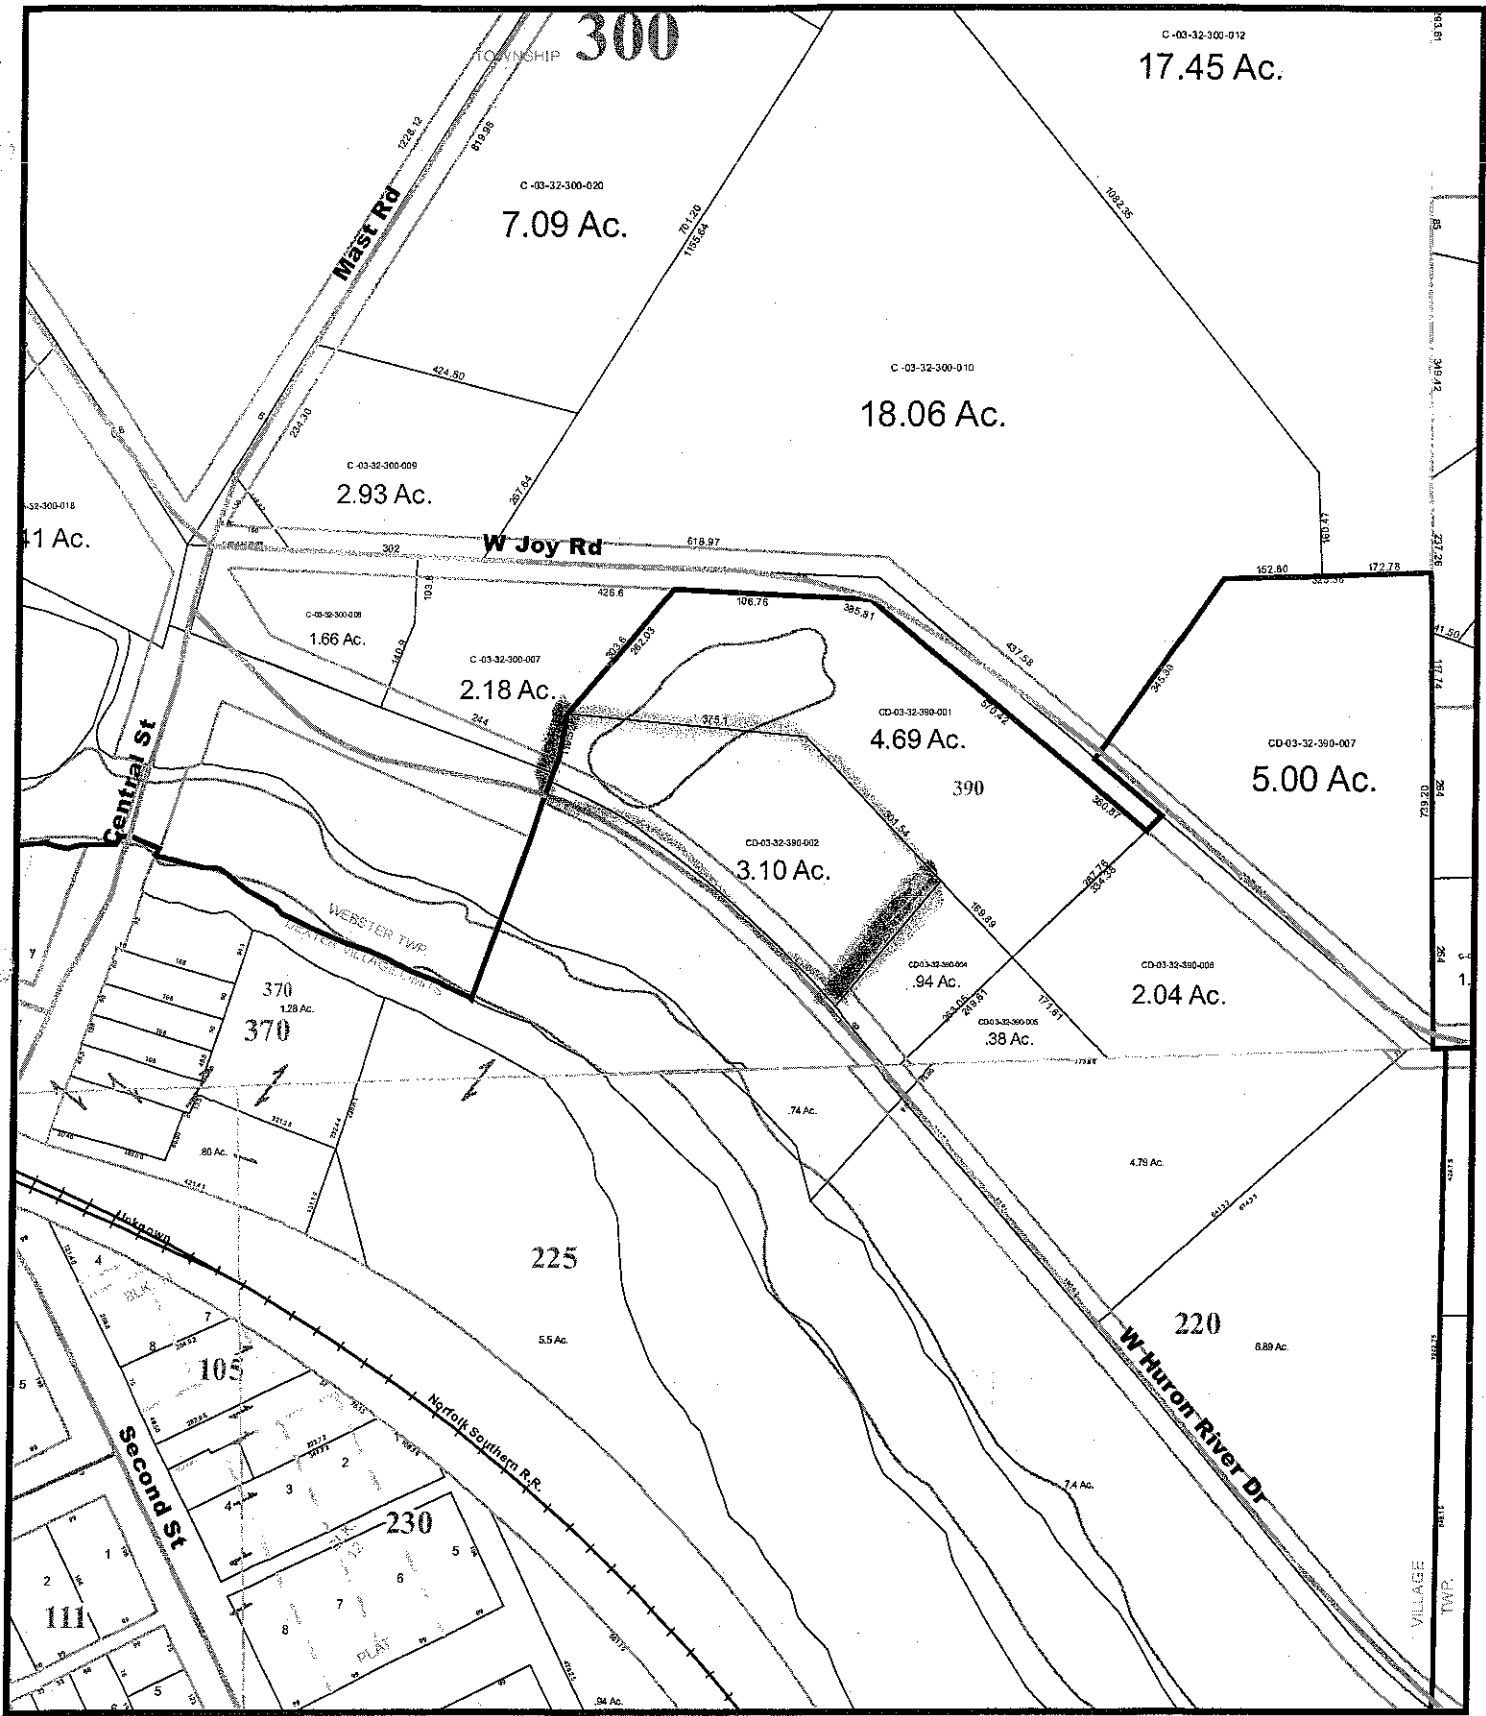

Consideration of a request by Dexter Research Inc. to receive an Industrial Facilities Exemption Certificate in the amount of Five Hundred twenty thousand dollars (\$520,000.00) Real Property Costs and One million one hundred and two thousand seven hundred seventy five dollars (\$1,102,775.00) Personal Property Costs for a Total of One million six hundred twenty-two thousand seven hundred seventy-five dollars (\$1,622,775.00) for twelve (12) years on their business located at 7300 Huron River Drive.

THOSE WITH DISABILITIES MUST NOTIFY THE TOWNSHIP CLERK NO LESS THAN SEVEN DAYS PRIOR TO THE MEETING, SO THAT ACCOMMODATIONS MAY BE FURNISHED TO SATISFY THEIR DISABILITY AND ALLOW FOR A MEANINGFUL ATTENDANCE.

VAN BUREN COUNTY BOARD OF COMMISSIONERS

RESOLUTION MOTION REPORT OF ADMINISTRATIVE AFFAIRS COMMITTEE

HONORABLE BOARD OF COMMISSIONERS:

WHEREAS, the County of Van Buren strongly supports tourism throughout the State of Michigan; and

WHEREAS, the County recognizes that current funding for the *Pure Michigan* program has been exhausted and legislation has been introduced in the Michigan Senate to seek additional funds for the program; and

WHEREAS, the funding source proposed by the Michigan Senate includes a tax on tourist-related sales which cannot fund the program at its current levels, and it would likely take at least three years before the necessary funding level is achieved; and

WHEREAS, the Michigan House has proposed legislation to continue funding the *Pure Michigan* program through an alternative funding plan that calls for a \$2.50 tax on car rentals at major airports.

NOW, THEREFORE, BE IT RESOLVED, that the Van Buren County Board of Commissioners asks that the Michigan Senate to introduce legislation that mirrors the bills introduced by the Michigan House which includes an alternative funding plan for the *Pure Michigan* program that calls for a \$2.50 tax on car rentals at major airports to allow for the immediate funding of the *Pure Michigan* program.
