SUBJECT: Survey, Monumentation and Remonumentation Program 2002

BOARD ACTION REQUESTED

It is requested that the Board of Commissioners authorize the application of the 2002 Survey, Monumentation and Remonumentation Program grant in the amount of \$97,967 for the period of January 1, 2002 through December 31, 2002, appropriate the grant funds, amend the budget, assign the County grant administrator and County Representative, authorize the Administrator to sign the Notice of Grant Award, and authorize the Administrator to sign delegate contracts in conformity with the application/award upon review of Corporation Counsel, to be filed with the County Clerk.

BACKGROUND

Public Act 345 of 1991 established the State Survey and Remonumentation law. This act provides for the remonumentation of all public land survey corners in the State of Michigan within the next twenty years. This act mandates that each county submit a plan to the state detailing how the remonumentation be implemented, administered and maintained.

On September 16, 1992, the Board of Commissioners approved the Revised Plan for Remonumentation and Monumentation of the Public Land Survey in Washtenaw County. On December 16, 1992, the Board of Commissioners approved and authorized the grant application to the Michigan Department of Commerce State Survey and Remonumentation Commission. Resolution 92-0394 authorized the grant application for the Survey, Monumentation, and Remonumentation Program. The grant was received by Washtenaw County and administered by the Planning Commission, which subcontracted with the County Road Commission and selected County surveyors to carry out the work outlined under the Plan. The Survey and Monumentation Program has been scheduled to run from 1993 to 2013, a total of 20 years. Each year the

County must make separate application for the funds from the State to manage this program.

DISCUSSION

The State funds the Survey and Remonumentation program to assist Counties to more accurately represent survey corners within local jurisdictions. This is important because over time monument points, used in surveying, change due to transformation of the surrounding areas. Washtenaw County will benefit from this program in two ways. First, survey corners throughout the County will be more accurate. This will also contribute to the accuracy of the Geographic Information System (GIS) base.

IMPACT ON HUMAN RESOURCES

The Planning Department will continue to administer the grant with the Planning Director, Mark McFadden, as the Grant Administrator. Lori E. Beyer, through the Road Commission, will be the new Grant Representative. Selected County surveyors will carry out the work outlined in the Remonumentation Plan via contracts with the County.

IMPACT ON THE BUDGET

Total program in the amount of \$97,967 is funded entirely by the State. No General Fund dollars are requested, as no local match is required for this grant. The Planning Department will receive approximately \$4,898 for administering the grant in 2002. The remaining \$4,899 in administrative costs will go to the Washtenaw County Road Commission.

IMPACT ON INDIRECT COSTS

No indirect costs are allowable per grant guidelines.

IMPACT ON OTHER COUNTY DEPARTMENTS OR OUTSIDE AGENCIES

The 2002 Remonumentation Grant again provides the opportunity to work in collaboration with the Washtenaw County Road Commission.

CONFORMITY TO COUNTY POLICIES

This request conforms to County policies.
