SUBJECT: Equalization Report - 2006

**BOARD ACTION REQUESTED:**

It is requested that the Board of Commissioners approve the 2006 Equalization Report, setting the equalized base for the County as required by Sec 211.34 of General Property Tax Law. Because of statutory deadlines, this report needs to be approved at the April 19th Ways and Means Committee meeting, as well as by the Board of Commissioners.

**BACKGROUND:**

The 2006 proposed starting ratios were published in the local newspaper by the third Monday in February, as required by State statutes. The final assessment rolls of the various assessing units, given the approval of the local Boards of Review, have been reviewed and analyzed by the Equalization Department. The County Board of Commissioners meets in April each year, by statute, to determine County Equalized Value by unit of government and by property class totals, based on the recommendation of the County Equalization Director.

**DISCUSSION:**

Proposal A and Public Act 415 of 1994 made many changes to the property tax system but the basic system of assessing and equalization remains the same. Assessments are to be uniform according to the true cash value of the property and are to be established at 50 percent of true cash value for each assessable parcel of property in each township or city, regardless of

whether the Taxable Value for the parcel is capped. The calculation of Taxable Value is separate from the establishment of "traditional" Assessed Values. Taxable Value is calculated based on the State Equalized Value of property or the Capped Value, whichever is lower. The CPI multiplier for 2006 is 1.033 (3.3%). The final Taxable Value will be completed on or before June 26, 2006, as required by 211.27d of General Property Tax Law.
