SUBJECT: Survey and Remonumentation Program 2008

BOARD ACTION REQUESTED

It is requested that the Board of Commissioners authorize the application to the Michigan Department of Labor and Economic Growth for the 2008 Remonumentation program in the amount of \$144,869; authorizing the Grant Administrator to sign the notice of grant award; amending the budget; and authorizing the Administrator to sign the delegate contracts.

BACKGROUND

Public Act 345 of 1991 established the State Survey and Remonumentation law. This act provides for the remonumentation of all public land survey corners in the State of Michigan within the next twenty years. This act mandates that each county submit a plan to the state detailing how the remonumentation be implemented, administered and maintained.

On September 16, 1992, the Board of Commissioners approved the Revised Plan for Remonumentation and Monumentation of the Public Land Survey in Washtenaw County. Each year since then the Board of Commissioners approved and authorized grant applications to the Michigan Department of Labor and Economic Growth, State Survey and Remonumentation Commission.

These grants have been received annually by Washtenaw County in order to implement the Remonumentation Plan. The grants have been administered by the Department of Planning and Environment in collaboration with the County Road Commission and selected County surveyors to carry out the work outlined under the Plan. The Survey and Monumentation Program has been scheduled to run from 1993 to 2013, a total of 20 years. This year, 2006 PA 662 amended 1961 PA 236 extending the sunset date on the additional \$2 filing fee for most recording documents at County Registers of Deeds

from the year 2013 to 2023. Each year the County must make separate application for the funds from the State to manage this program.

DISCUSSION

The State funds the Survey and Remonumentation program to assist Counties to more accurately represent survey corners within local jurisdictions. This is important because over time monument points, used in surveying, change due to transformation of the surrounding areas. Washtenaw County will benefit from this program in that survey corners throughout the County will be more accurate and this in turn will contribute to the accuracy of the Geographic Information System (GIS) base.

IMPACT ON HUMAN RESOURCES

The Planning and Environment Department will continue to administer the grant with Daniel Myers, the Director of Development Services, as the Grant Administrator. Lori E. Beyer, through the Road Commission, will continue to be the Grant Representative. Selected County surveyors will carry out the work outlined in the Remonumentation Plan via contracts with the County.

IMPACT ON THE BUDGET

The total program in the amount of \$144,869 is funded entirely by the State. No General Fund dollars are requested.

IMPACT ON INDIRECT COSTS

No indirect costs are allowable per grant guidelines.

IMPACT ON OTHER COUNTY DEPARTMENTS OR OUTSIDE AGENCIES

The 2008 Remonumentation Grant again provides the opportunity to work in collaboration with the Washtenaw County Road Commission.

CONFORMITY TO COUNTY POLICIES

This request conforms to County policies.
