1. Call to Order:

7:37 a.m. by John Shea, Chair.

2. Approval of Minutes:

Motion and support. April 16, 2010 Full Council Minutes approved by Full Council. Patrick Hughes change to attended. Page 4 "starting to provide" as amended.

3. Public Participation:

None

4. Committee Reviews/Updates:

- a. Govt. Initiatives Committee hasn't met since last meeting. John will set meeting soon. John: no updates.
- b. Crime Prevention Committee hasn't met. Brian No updates.
- c. By-laws Committee. Steve: No updates.

5. Local Jail Overcrowding Initiative

Dan Dwyer: procedure signed off on by specified parties. Draft of Jail Population Management Plan handed out. Rick: this is one model. Thinks part of the intent of this is to level the peaks and valleys (avoid the overcrowding statute kicking in). Plan puts the jail in a better position to be at operational capacity. Comm. Bergman: would some of these releases be conditional? Rick: yes. Sheriff: makes sense, is proactive, this is just one tool that we should use-- build in as many options for the court (esp. on the front end, build options into the system). Sheriff: this should not be viewed as the solution, just one of the options. Brian Mackie: agrees. But, raises concern that we keep flexibility for judges (mentioned felony child support cases). Judge Tabbey: Sheriff is right --is a tool. Sheriff: Brian is concerned about the "shall" as opposed to "may".(Phrase 1 subsection 2) Sheriff: we may want to look at a couple of different models. We want to be proactive. We may come back to CJCC with different models. Judge Hines: add stalking to 2a. Discussion of how should calculate 85%. Sheriff: look at how we currently do it with our baseline. Comm. Bergman: when out date changes do we notify stalking or DV victims. (Judge Hines: we notify when released from prison.) John: wasn't aware when there are jail releases that anyone is notified. Judge Tabbey: this is basically what we already do. Judges will discuss. Dan: if people could get feedback to Rick by July 30th? (Rick will keep running tab of all comments.) Judges will work on final draft.

6. Status of Local Criminal Justice Forums

Comm. Bergman: have reached out to everyone to try and set a date. Will check on.

7. Status of 14A-1 Relocation

Judge Tabbey: Today is big day. Are some technology bugs that need to be worked out i.e.: jail arraignments are video based--should be able to do from any of the sites once up and running. The big process is working with the jail organizationally. John: where is the efficiency here? Judge Tabbey: staying in same security zone. Attorney can reach from different locations for example. Comm. Bergman: is there an option to request a face to face? At trial, but not during arraignment. John: have to build in a way for lawyers and clients to confer before/during arraignment (doesn't occur often). 1 pm Opening.

8. Juvenile Court/Circuit Court Integration/ Relocation (Dan Dwyer)

Big change is merger of all clerking services. One big long counter—three service areas. Still one place to go. Will have four or 5 attorney conference rooms. Barbara: when they brought juvenile downtown didn't want to mix with adults? Dan: they are not. Looking at January/February. Comm. Sizemore: money has to come from county—need to count votes—is an issue. Need to work it out now—some people do not want it moved downtown. Verna: in closing out the deficit factored in the savings as part of this move—

have a fund available--really isn't a cost to approve—but recognizes differences between Commissioners. Kristin Judge: doesn't believe there is a vote that is needed from the BOC—budget was approved. Verna: Admin will provide as much detail as possible. John: the current facility is really in bad shape. Comm. Bergman believes there is support for this move. Mr. Powell: parking is a problem. Verna: working on.

9. Jail Utilization Reports (Shea/Kaledas)

John: Jail Utilization Reports were sent out. Commander Kaledas has raised the issue whether the reports meet the needs of group members. John and Rick will talk. Also may be definitions that need to be clarified-- sentence vs. pre-sentence for example. Need to discuss and decide. Dan: those definitions were set by this body—could be changed. Sheriff: is really about aligning externally with what we are doing internally. Sheriff: group needs to revisit as we move in new directions. Michael Moran: looks like there is a high % of sentenced felons in the jail. Sheriff: if they are truly sentenced (as opposed to other charges hanging out). John: had Data Management Committee that talked about the definitions. Back then primary focus was jail overcrowding. Mike Moran: maybe need a new category. Comm. Bergman: thinks a day release program would be release valve from the jail. Michael Moran: one time county was looking at holding misdemeanors in the jail. Sheriff: if have a step down, then wouldn't take up jail beds—look at the cost. Sheriff: public safety first and foremost, but have flexibility and options. John: concerned with problems created by overcrowding. Sheriff: other options, important. Dan: thinks decided on definitions about 8 years ago. John will try to pull the file on prior discussion. Moran: is no one representing the circuit court here? Dan Dwyer is representing the Circuit Court.

10. New Business

None.

11. Next meeting: September 17, 2010.

12. Adjourned: by Chair John Shea at 8:45 am.

APPROVAL OF July 16, 2010 CJCC FULL COUNCIL MINUTES BY FULL COUNCIL:
