

ServSafe® Training

ServSafe® training programs have been recognized and accepted by more federal, state and local jurisdictions than any other food safety education and training program for over 25 years.

ServSafe® was developed by the National Restaurant Association, and is a respected training and education program throughout the State of Michigan.

The *Michigan Food Law of 2000, as amended* requires all food service establishments to have at least one manager certified in food safety. Managers with the ServSafe® Food Protection Manager Certification meet this requirement.
