General Notes

All bidders shall be subject to the conditions set forth in the document known as the "General Conditions" of the Contract for the Construction of Buildings as published by the American Institute of Architects, Form A-201 of 1987, and consisting of pages I-17 inclusive, with current revisions, a copy of which is on file in the office of the County Architect and is available to any person.

Contract Documents

The documents upon which this Contract is based shall consist of the above-mentioned General Conditions of the Contract, Specification of the Work, including instructions to bidders, drawings and the Agreement. It shall be the duty of the Owner and the Contractor to inform themselves of the requirements of the said documents for any part of the work or materials before signing the agreement. In case changes in work or materials from those outlined in said documents are desired, such changes adding or deducting from this work must be stipulated in writing and attached to and made a part of the agreements.

Intent of Documents and Correlation

This specification and the accompanying drawings are intended to describe and include everything required and necessary to the proper and entire finishing of each branch or trade of work mentioned. They are intended to be cooperative and what is called for by either is as binding as if called for in both.

The Contractor shall not avail himself of any manifestly unintentional error or omission should such exist. Should any error or inconsistency occur or appear in the drawings or specifications, the Contractor shall mention the same for proper adjustment before proceeding with the work and, in no case, shall he proceed with the work in uncertainty.

Permits, Regulations and Taxes

The Contractor shall obtain all permits and licenses (building permits, electrical, heating and ventilation, and plumbing permits are available at the Washtenaw County Building Inspection Department which is the agency having jurisdiction over the work). The contractor is responsible for paying all permit fees to the County Building Inspection Department. The contractor shall give all notices, pay all fees and comply with all laws, ordinances, rules and regulations bearing on the work. If any of the work of the Contractor is done contrary to such laws, ordinances, rules and regulations without such notice, he shall bear all costs arising there from. The Contractor shall include all sales tax in all bids, and make proper provisions for all other State or Federal applicable taxes.

The Contractor shall be present at the pre-job start meeting evidence of all required permits. The Contractor is advised that timely inspections by the Washtenaw County Building Inspection Department are a requirement of this contract and are a condition of progress and final payments. The Contractor is also advised that each required inspection is free. However, re-inspection required due to failure of the Contractor to have the work ready will be charged the regular re-inspection fee by the County Building Inspection Department. All inspections will be final and a Certificate of Occupancy, where applicable, will be required before final payment will be made.

## **RFP #6092 Concrete/Flatwork Services**

The Contractor shall employ only persons who are skilled in the work to be performed.

### Examination of Existing Facilities

The Contractor shall be responsible for examining the existing conditions in order to gain full information under which the work is to be carried out. The Contractor shall also compare the existing conditions with the plans and specifications. Failure of the Contractor to inform himself will in no way relieve him from the necessity to complete the work as contemplated by the plans and specifications without additional cost to the Owner.

### Protection of Work and Property

The Contractor shall continuously protect all existing facilities and new work as it is completed. He shall be responsible for making good any damage or injury.

### Dimensions and Field Measurement

The Contractor shall be responsible for making field measurements before proceeding to complete the work. If the dimensions shown on the plan are incorrect, the Contractor shall advise the County Architect before proceeding with the work.

Where the Owner has the option to select materials, color, finish, etc., it is understood and agreed that the County Architect will make such selection or decision within a reasonable time after being requested by the Contractor to do so.

### Changes in Work

The Owner, without invalidating the Contract, may order extra work or make changes by altering, adding to or deducting from the work, the Contract sum being adjusted accordingly. Such work shall be executed under the conditions of the original Contract, except that any claims for extension of time caused thereby shall be adjusted at the time of ordering such changes.

Payments

It is necessary that payments be made during construction. The Contractor shall furnish a release of materials and work completed to date. Payments will be made for ninety (90%) percent of the work in place and material on the site at the time of payment. On projects in excess of \$100,000, the County Architect may reduce retain age to five (5%) percent if the project work schedule and work quality justifies the reduction.

Contractor's Application for Payment must be accompanied by written confirmation that all required permits and licenses have been obtained by the Contractor and that all required inspections have been made as of the date of application. Failure to furnish such written confirmation may result in the Contractor's Application for Payment being denied and funds withheld until such written confirmation is submitted to the Owner.

Indemnification and Insurance

The Contractor shall protect, defend and indemnify Washtenaw County, its officers, agents, servants, volunteers and employees from any and all liabilities, claims, liens, demands and costs, of whatsoever kind and nature which may result in injury or death to any persons, and for loss or damage to any property, including property owned or in the care, custody or control of Washtenaw County in connection with or in any way incident to or arising out of the occupancy, use, service, operations, performance or non-performance of work in connection with this Agreement resulting in whole or in part from negligent acts or omissions of contractor, any sub-contractor, or any employee, agent or representative of the contractor or any sub-contractor.
