**PROPOSAL TERMS**

A. Washtenaw County reserves the right to reject any and all proposals received as a result of this RFP. If a proposal is selected, it will be the most advantageous regarding price, quality of service, the Contractors qualifications and capabilities to provide the specified service, and other factors that the County may consider. The County does not intend to award a contract fully on the basis of any response made to the proposal; the County reserves the right to consider proposals for modifications at any time before a contract would be awarded, and negotiations would be undertaken with that contractor whose proposal is deemed to best meet the County’s specifications and needs.

B. The County reserves the right to reject any or all bids, to waive or not waive informalities or irregularities in bids or bidding procedures, and to accept or further negotiate cost, terms, or conditions of any bid determined by the County to be in the best interests of the County even though not the lowest bid.

C. Proposals must be signed by an official authorized to bind the contractor to its provisions for at least a period of 90 days. Failure of the successful bidder to accept the obligation of the contract may result in the cancellation of any award.

D. In the event it becomes necessary to revise any part of the RFP, addenda will be provided. Deadlines for submission of RFP's may be adjusted to allow for revisions. The **entire** proposal document with any amendments should be returned. To be considered, **three copies (3)**, the **original and two (2) copies**, must be at the County on or before the date specified.

E. Proposals should be prepared simply and economically providing a straight forward, concise description of the contractor's ability to meet the requirements of the RFP. Proposals shall be typewritten. No erasures are permitted. Mistakes may be crossed out and corrected and must be initialed in ink by the person signing the proposal.

F. A standard Washtenaw County Services Agreement will be executed between Washtenaw County and the consultant (see Appendix A). Washtenaw County reserves the right to award the total proposal, to reject any and all proposals in whole or in part, and to waive any informality or technical defects if, in Washtenaw County’s sole judgment, the best interests of Washtenaw County will be so served.

## **PROPOSAL SPECIFICS**

### **I. Purpose**

The intent of this document is to provide interested vendors with sufficient information to enable them to prepare and submit proposals for consideration by the Washtenaw County Facilities Management (WCFM) for **Concrete services**. This scope of services is required to assist Washtenaw County in renovations, remodels and maintenance of existing facilities. The scope of services for concrete services will need to include the following: demolition, removal and installation of new concrete, reinforcement steel, handrails, forming, shoring, cutting and coring. Term of contract is for one year with option to extend for a second year. Hourly fees and response time will be used to evaluate proposed vendors.

### **II. Scope of Services**

A typical project may include the following phases:

#### **PHASE 1: FIELD INVESTIGATION**

1. Review the existing materials, drawings, reports, etc., prepared by county staff on the proposed project.
2. Review the proposed scope.
3. Review the existing infrastructure in the facility.
4. Locate, quote product and labor costs.

#### **PHASE 2: REVIEW MATERIAL AND LABOR OPTIONS WITH COUNTY STAFF**

1. This phase will consist of review of quotes and material options.
2. This phase may also include construction estimates, detailed specifications, and construction schedule.

### **III. Project Control**

1. The vendor will meet with selected representatives on a regular basis or as determined necessary by the Facilities Management project manager to review progress and provide necessary guidance to the contractor in solving problems which may arise.
2. Although there will be continuous liaison with the project team, the Facilities Management project manager will meet as often as required with the vendor's project manager for the purpose of reviewing progress and providing necessary guidance.
3. The vendor will, on a regular basis, submit brief written summaries of the work accomplished during the reporting period, work to be accomplished during the subsequent reporting period, real or anticipated problems and notification of any significant deviation from previously agreed upon work plans.

4. Within 10 working days of the award of the contract, the vendor will submit to the county's project manager for approval a work plan, which includes the following:
  - a. The vendor's names and titles of personnel assigned to the project
  - b. The project breakdown showing subprojects, activities and tasks
  - c. The time-phased plan for completing the project

#### **IV. Submittal Process and Details**

Proposals are sought from firms with recognized expertise on design projects with experience in the public sector. Proposals should include the following:

1. Contractor's name, address, and name of primary contact person.
2. A description of the specific staff who will comprise the project team for this assignment.
3. Samples of related/comparable past projects that would serve as examples of experience and expertise necessary for this project.
4. Statement of qualifications and experience with public sector work.
5. Estimated time commitment for each staff person as a percentage of the total time to complete the work.
6. Expected workload during the project period, (i.e., readiness to serve).
7. Evidence of ability to work within tight time constraints.
8. Location and availability of intended subcontractors. (While the County does not require consultants to be local firms, availability to discuss design questions is a primary concern).
9. List of client references.
10. A proposed fee structure for the work to be performed, including costs from all anticipated subcontractors. This information must be included in the proposal.

It is not the intent of this RFP to solicit an overly long response, but it is important the firm's experience/expertise be adequately described. It will, for example, be much more useful to address abilities and expertise directly comparable to this project than to include an exhaustive list of all projects completed by the firm. WCFM staff will review the submitted proposals and will select vendors to meet with in an interview format, to discuss the proposal and vendor qualifications, in greater detail. The selected contractor will meet with the County to negotiate compensation for the proposal, and prepare a contractual agreement between the County and the contractor, as soon after the final selection as is reasonable.
