

**WASHTENAW COUNTY HEAD START ORAL HEALTH GRANT
FAMILY INFORMATION SURVEY**

Dear Parent/Guardian:

Washtenaw County Head Start received a grant to help provide dental care for the children and their families enrolled in Head Start. We are partnering with the University of Michigan Dental School, Hope Clinic-Ypsilanti, Community Dental Clinic-Ann Arbor and several local dentists.

Head Start and the American Dental Association recommend your child have regular dental exams and preventive care every six months, along with completing any follow up required treatment. To maintain good and consistent oral health it is also recommended that your family have a “dental home”. If you do not have a “dental home” we can assist you in finding one that will meet your family’s needs.

Please complete the following information and return so we can assist you with your dental needs

Child’s name: _____ **Teacher’s name:** _____

I need assistance finding a dental home for:

- My child/children
- Adult _____
(Name)

I do not have dental insurance:

- My child/children
- Adult _____
(Name)

I need assistance finding a dentist that accepts Medicaid for:

- My child/ children
- Adult _____
(Name)

I need immediate assistance due to dental pain for:

- My child/children
- Adult _____
(Name)

I would like additional information about the dental grant for:

- My child/children
- Adult _____
(Name)

Any additional information you would like to share with us regarding your dental issues:

An important part of good dental health is knowing what to do to take care of your teeth. We’re offering some important classes about good dental care this year. You’ll be getting more information throughout the school year.

If you have any questions, please contact your child’s teacher
