Tons per year

Waste and Recycling Service Profile

	<u>Service Type</u>	<u>Collection/Hauler</u>	<u>Program Description</u>
Trash	Contract/Subscription	Republic, Monroe's, Mr. Rubbish, Great Lakes	Weekly pickup
Recycling	Curbside	Republic, Monroe's	Weekly pickup
Yard Waste	Curbside	Republic	Seasonal weekly pickup

Program Management

Cost per household: \$168 per year for solid waste, recycling, and yard waste services. Paid directly to Republic. Other haulers can operate.

Special Programs: \$10 cost for bulky items; stickers available in township office.

Program Notes: Preferred Hauler System (Republic); Other providers operate in Township

Recommendations:

1. Study with neighboring communities the formation of an urban area authority or joint contracting group that would lead to better prices, services and incentives, and fully utilize the solid waste infrastructure.
2. Incorporate waste volume control measures (such as set out limits and PAYT) to increase participation in diversion programs.
