Manufacturing/industrial	579

Total Waste 5,130
 Tons per year

Waste and Recycling Service Profile

	<u>Service Type</u>	<u>Collection/Hauler</u>	<u>Program Description</u>
Trash	Contract	Waste Management	Unlimited
Recycling	Curbside	Waste Management	Collects standard recyclables
Yard Waste	Curbside	Waste Management	Seasonal pick-up

Program Management

Cost per household: \$140.78 per year for solid waste, recycling and yard waste services. Billed on quarterly water bill.

Special Programs: Once per month amnesty for larger waste items. Have not had cleanups since monthly was available.

Recommendations:

1. Work with neighboring communities to study a multi-community single hauler system or joint contracting group that would lead to better prices, services and incentives.
2. Incorporate waste volume control measures (such as set out limits and PAYT) to increase participation in diversion programs.
