Recovery Rate	4.9%

Business Sector
 Commercial/retail/service: 343
 Manufacturing/industrial: 0

Total Waste 1,511 Tons per year

Residential Waste Breakdown

Waste and Recycling Service Profile

	<u>Service Type</u>	<u>Collection/Hauler</u>	<u>Program Description</u>
Trash	Subscription	Monroe's, Great Lakes, Waste Management	Varies by subscription
Recycling	Drop-off		Monthly
Yard Waste	None		

Program Management

Cost per household: Trash service with recycling: \$168-252 per year. (Great Lakes offers pickup of 1 free bulk item per week included with the \$252 per year package.)

Recommendations:

- Implement a single hauler system (franchised hauler/preferred hauler) resulting in:
 - Expanded services for residents at lower costs
 - Community-based incentives such as roadside clean-up, special collection days and educational materials
 - Decreased truck traffic and wear on local roads
 - Hauler manages billing function
- Work with neighboring communities to study a multi-community single hauler system or joint contracting group that would lead to better prices, services and incentives.
- Incorporate waste volume control measures (such as set out limits and PAYT) to increase participation in diversion programs.
