

# Grilling safety

- ⌋ Check grills before using including hoses on gas grills
- ⌋ Have a bucket of sand or a garden hose near by incase of fire
- ⌋ Cap lighter fluid immediately after use and place a safe distance from the grill
- ⌋ Allow coals to burn out completely and let the ashes cool for 48 hours
- ⌋ Never use gasoline, or Kerosene to start a grill fire
- ⌋ Don't use a grill indoors or in any enclosed area
- ⌋ Never attempt to move a hot grill
- ⌋ Never add lighter fluid to existing hot or warm coals
