

## Immunization Fee Schedule

Effective January 1, 2011

Prices subject to change

The Washtenaw County Health Department is a Medicaid provider and must charge comparable fees to all participants. Our fees include an administration fee (\$10 for children and \$15 for adults) per injection *and* the cost of the vaccine(s).

Persons who are Vaccine For Children (VFC<sup>1</sup>) Program eligible have the cost of their vaccine covered and will be charged administration fee(s) only (\$10 per injection).

The Public Health Dept does not bill private insurance; however, some insurance providers may reimburse you for some of the costs. We will give you a receipt, but it is your responsibility to contact your insurance company to determine coverage and request reimbursement.

<b>Vaccine:</b>	<b>Cost for Child:</b>	<b>Cost for Adult:</b>
DTaP	\$30	NA
DT	VFC Only	NA
