To: Washtenaw Health Plan Providers/Pharmacies
From: Elizabeth Skrzypek RN, WHP Nurse Coordinator
Date: 6-28-2011
Re: Update on Recent WHP Drug Formulary Changes Effective 7/1/11

The Washtenaw Health Plan has added 2 medications to both the Plan A and B Drug formularies:

1. Angiotensin II Receptor Blocker
 - Losartan (Cozaar) 25 mg, 50 mg, and 100 mg tablets
2. Angiotensin II Receptor Blocker/Diuretic
 - Losartan/HCTZ (Hyzaar) 50-12.5 mg, 100-12.5 mg, 100-25 mg capsules

Also, effective July 1, 2011, Walgreens and CVS Pharmacies will no longer be in the pharmacy network of Washtenaw Health Plan. This will be a cost savings to both the members and the Washtenaw Health Plan.

The WHP Drug Formulary has been updated and is available at <http://whp.ewashtenaw.org>. Thank you for all that you do for our WHP members and feel free to contact me regarding these changes or any other formulary issues.
