CHAPTER 5.

INTERCOUNTY DRAINAGE DISTRICTS.

280.101 Intercounty drainage districts; application; signers, eligibility.

Sec. 101.

Before any action is taken on any petition to locate, establish and construct any drain, which proposed drain will traverse lands in more than 1 county, or affect more than 1 county, there shall first be filed with the commissioner having jurisdiction of any such lands an application to lay out and designate a drainage district with reference to a proposed drain therein; such application shall tentatively describe the location and route of such proposed drain. The application shall be signed by a number of freeholders in said drainage district whose lands would be liable to an assessment for benefits, equal to 50% of any of the freeholders whose lands would be traversed by the drain or drains applied for or abut on any highway or street along the side of which such drain extends, between a point where such drain enters such highway and the point where it leaves such highway and which lands are within the drainage district. The eligibility of the signers to such application shall be determined by their interest of record in the office of the register of deeds, in the probate court or in the circuit court of the county in which such lands are situated at the time such petition is filed.

Upon filing of such application the commissioner shall within 20 days send a copy of such application by registered mail to the state director of agriculture and also to the drain commissioner of each county in which lie lands liable for assessment for benefits for the construction of such proposed drain. The drain commissioners of such counties and the director of agriculture or any deputy designated by him shall be and constitute the drainage board.

The state director of agriculture shall call a meeting of such drainage board, which meeting shall be held not less than 15 and not more than 60 days from the receipt of such notice. Sec. 103.

Upon convening said meeting the state director of agriculture or any deputy selected by him shall act as chairman. All persons owning lands liable to assessment for benefits or whose lands shall be crossed by said drain or any municipality affected may appear for or against said drain proceedings. If at said meeting or at any subsequent time before the entry of the order designating a drainage district, they shall determine that the drainage of the proposed drain area is not practical, no further action shall be taken thereon within 1 year. If said proposed drain is determined to be practical, then the drainage board shall cause a survey thereof to be made by a competent surveyor or engineer to ascertain the area which would be drained by the proposed drain, and the route and type of construction of drain or drains most serviceable for that purpose.

Upon filing of the request, the drain commissioner shall mail a copy of the request, to the state director of agriculture and also to the drain commissioner of each county in which lie lands liable for assessments for the drain. Sec. 106.

If the drain commissioner of a county involved considers the apportionment between the counties to be unfair, the commissioner shall have the right to have the apportionment reviewed by an arbitration board to be composed of drain commissioners from unaffected counties in this state. Within 20 days after the order of apportionment provided in section 105, the commissioner shall file with the department of agriculture a claim for review by arbitration in which the commissioner shall state briefly in what respect he or she considers the apportionment unfair and request, over the commissioner's official signature, a review by arbitration. Upon selection of the final members of the board of review, those members present shall set a date, time, and place in an affected county for a first full meeting of the board of review. Notice of the meeting shall be posted in 5 public places in each county affected and be served personally or by registered mail at least 10 days before the meeting on the county clerk of the county and the supervisor of a township in each county traversed by the drain. Act 40 of 1956

CHAPTER 6.

INTERCOUNTY DRAINS.

280.121 Intercounty drains; petition to establish; filing, signers; certificate of county treasurer.

Sec. 121.

After an intercounty drainage district has been established and the order therefor filed as hereinbefore provided, a petition to locate, establish and construct a drain may be filed with any commissioner having jurisdiction of any of the lands designated in such order as constituting the drainage district. Such petition shall ask for the location, establishment and construction of the drain or drains, or any part thereof, as described in said order. The petition shall be signed by a number of freeholders in said drainage district, whose lands would be liable to an assessment for benefits, equal to 1/2 of the number of freeholders whose lands would be traversed by the drain or drains applied for, or abut on the part of any highway or street along the side of which such drain extends, between the point where such drain enters such highway and the point where it leaves such highway and which lands are within the drainage district. Such petition shall be accompanied by a description of the land in said district owned by each signer and by a certificate of the county treasurer as to payment of taxes and special assessments against such lands; such certificate shall be in substantially the following form:

I hereby certify that there are no taxes or special assessments unpaid against any of the lands described in the annexed list according to the records of the county treasurer's office for the past 3 years, except as follows:

Description	Year	Tax or assessment	Amount
-------------	------	-------------------	--------

The name of any signer as to whose land such certificate shows taxes or special assessments unpaid for 3 years shall not be counted. The eligibility of the signers to such petition shall be determined by their interest of record in the office of the register of deeds, in the probate court or the circuit court of the counties in which such lands are situated at the time such petition is filed. In determining the number of owners whose lands are traversed by such drain, or abut thereon as hereinbefore prescribed, the drain commissioner shall investigate the records of the register of deeds, of the probate court and of the circuit court of the county, and shall make diligent inquiry in the community, including inquiry of anyone in possession of all of such lands so traversed or so abutting, as to the ownership thereof. In lieu of a petition signed by freeholders, the petition may be signed solely by a city, village or township in each county involved, when duly authorized by its governing body, or by any combination of such municipalities, if each petitioning municipality will be liable to assessment at large for public health for any part of the cost of the proposed drain. In the event of a municipally signed petition, then the foregoing provisions of this section, other than the first 2 sentences and these last 2 sentences thereof, shall not be applicable.

History: 1956, Act 40, Imd. Eff. Mar. 28, 1956 ; --Am. 1968, Act 79, Eff. Nov. 15, 1968 .

280.122 Drainage board; duties generally; voting; notice of meeting; affidavit of mailing; failure to receive notice; expense of notification; determination of necessity, percentages, and number of installments; order; drainage board as board of determination; submission of apportionment to board of arbitration; finality.

Sec. 122.

Upon filing of a petition to locate, establish, and construct an intercounty drain the commissioner receiving the petition, within 20 days, shall notify by registered mail the drain commissioners interested and the director of the department of agriculture, who shall call a meeting within the time set forth in section 102. The commissioners and the director of the department of agriculture, or the director's deputy, who constitute the drainage board shall jointly take all steps and perform all acts and sign all papers as commissioners are required to do singly in the case of other drains, except as otherwise provided in this act. At a meeting of the board the director of the department of agriculture, or the director's deputy, shall not vote, except that the director or the director's deputy may cast the deciding vote in case of a tie. Notice shall be given of the time and place of the meeting by publication in a newspaper of general circulation in the county at least 10 days before the meeting. Notices shall also be served personally or by registered mail at least 10 days before the meeting on the county clerk and on the clerk of each township, city, and village in the district. The drain commissioner also shall send notice by first class mail of the time, date, and place of the meeting, not less than 10 days before the date of the meeting, to each person whose name appears upon the last city or township tax assessment roll as owning land liable to assessment for benefits, at the address shown on the roll. If an address does not appear on the roll, a notice need not be mailed to the person. The drain commissioner shall make an affidavit of the mailing and shall recite in the affidavit that the persons to whom the notice was mailed constitute all of the persons whose names and addresses appear upon the tax rolls as owning land liable to assessment for benefits. The affidavit shall be conclusive proof that notice was mailed to each person to whom notice is required to be mailed by this section. The failure to receive a notice by mail shall not constitute a jurisdictional defect invalidating a drain proceeding or tax, or both, if notice has been sent by first class mail as provided in this section. All expense of notification shall be paid by the drainage district when created. The board shall consider the petition and evidence offered, and if it is determined that the drain is necessary for the good of the public health, convenience, or welfare, it shall proceed to determine the percentage of the whole cost of construction which each county shall bear, and determine the number of installments in which the drain taxes shall be collected. If commissioners cannot agree on the apportionment between counties or the number of installments, the chairperson shall determine the apportionment or the number of installments. An order shall be prepared, signed by the chairperson, to be known as the first order of determination, showing the determination of necessity, determination of percentages, and determination of number of installments, and a copy of the order shall be filed in the office of the county drain commissioner of each county into which the drainage district extends. The drainage board shall be the board of determination and shall determine the question of necessity for drains located, established, and constructed under this chapter. If the drainage board cannot agree unanimously on the apportionment between counties, the

matter shall be submitted to the board of arbitration in the manner prescribed in section 106 and that board's decision shall be final.

The action shall be filed by the person aggrieved within 10 days after the determination of necessity or no necessity by the drain board.

Sec. 135.
