## A.L.I.C.E.

**Alert:** Sound an alarm of the situation and call 9-1-1.

**Lockdown:** Lock doors to provide a time barrier and give students and teachers time to recognize the threat.

**Inform:** Keep teachers, students, and police up to date on the shooters location inside the school if possible.

**Counter:** Interrupt the physical act of the shooting.

**Evacuate:** Evacuate as fast as possible during any stage that the students are not near the shooter.

The decision to provide active shooter training to all school personnel was precipitated by the Sandy Hook tragedy of 2012, other acts of school violence and school shootings across the nation. Law enforcement officials worked with WISD and local districts to select and implement a response method. The group adopted the **Alert, Lockdown, Inform, Counter, Evacuate (A.L.I.C.E.)** program, which provides tactical advantages teachers and students can use in the event an intruder/shooter enters a school.
